Exactly what I was going to say, they seem unable to connect the dots OR They are siding with CROW, which is a bad move for them...something to bring up in COURT

If funny the FBI thinks they have me, with what information they got from CROW and his friends, BUT what those MORONS at the FBI don't realize all the INFORMATION I've gathered over the years... Well I'm looking for a nice little Island.

Karol, this isn't about FREE SPEECH like those MORONS at the FBI believe, This is about Harassment and how the government (FBI, Local Law enforcement, and the FCC just to name a few) has ALLOW this shit to continue on...I want those MORONS at the FBI to go after me, if it means putting an end to ALL this shit...after all, like I said there is an Island I'm looking to buy hi hi

Todd N9OGL

PS. Please note I sent this to those MORONS at the FBI...maybe Brian Crow can bring cookies and read it to them, since they don't know how READ.

Inferentially but VERY strongly from Glenn's own writings, as well as from several teleconversations I had w/ him several years ago, the FBI came to visit Glenn at least once....

So, consider this....

From my sources, the FBI [never mind local LE] has either visited or have a serious file opened on at least the following--all as a consequence of Psycho Brian CROW K3VR's FRAUDulent and closely related mischief--in rough sequence order:

K1MAN
VK2BVS
VE7KFM
WA1BHV
N3ZV
N9OGL
KB9RQZ
N9PH

We all know, from the events/circumstances surrounding 9/11 that the FBI is incompetent/unable to connect the dots/their own files....

But, after 9/11 and especially in view of the fact that many of the above had/have the moniker "terrorist" or 'friend of terrorist' [falsely] associated with them by Psycho Brian K3VR, even the incompetent FBI and their handmaidens should by now be able to connect the dots/files and come to the conclusion that the MAIN and arguably ONLY problem w/ all of this... wait for it... is Brian CROW K3VR....

Shove this up the FBI's asshole [by writing the Director] the next time they accost you!!!

Glenn:

Seen it, some time ago, as inferred/directed in one of my short e-mails to you yesterday....
And your point is???
That Brian CROW K3VR is an Obsessive-Compulsive PSYCHO???. Then AGREED!!!
Anything else, other than what I labouriously collated in our/the public interest [HI] over the past ~3
years on <http://members.shaw.ca/ve7kfm/> ???

BTW I notice that you did NOT confirm/answer my direct question as to whether or not Psycho Brian
ALSO sent the FBI to your door [as you inferred] and if so, how many times....
In case you don't realize it, the FBI and Psycho's other "3-letter alphabet-soup agencies" [including our
Royal Canadian Mounted Pussies a.k.a. RCMP] coming to people's doors further to his FRAUDulent
complaints--especially when leaving w/ a 'bloody noses'--is a Badge of Honour for some of us these
days....
How about you? HI....

This website, colloquially self-described as the UNHAM site, is arguably best known for its colourful pics [click on any of the 3 Banner Logos at the top] and has over the past decade+ traditionally been used as a clearing house/control center for UN-HAMS [get it?] including the "14.275 Mafia" expressly to wage on-air wars/mayhem....

BTW Further to the 'noise' generated in its many inventive variants, for years now, about David WA1BHV by your Psycho Brian K3VR....

Is threatening someone [with death using a gun or otherwise] at a place/date/time certain already past a Crime now in the Excited States of HAMereeka?
